All S9® software titles can be downloaded and purchased online at www.s9design.com

Secure Shopping

Shopping online at s9design.com is easy and safe. We use the best encryption methods to make all transactions secure. Buying direct ensures you get the best price and the quickest processing of orders. If you are a new customer and have not experienced our shop, please don't hesitate to contact us!

Shipping

The s9design.com store is reducing its carbon footprint by eliminating unnecessary packaging and surface mail. All S9® software is shipped electronically. Electronic software delivery involves software transfer via the internet. You will not receive the software on CD-Rom. You will be given download links for the latest version of the software provided in the email that will be sent to you. You will receive a User name via email to initialize the software. For Electronic software purchases there is no shipping fee incurred. NOTE: If you require a CD of any software, please contact us so a copy can be made and surface mailed to you at no cost.

Upgrades

Upgrades are for existing customers who have purchased software for AutoCAD 2000 to 2006. For upgrade verification purposes, please use the same Name and/or Company Name as original purchase, or contact us if you have any questions before you purchase.

Credit Card Payment

Select the purchasing links listed at <http://www.s9design.com/order.htm> to enter the secure order page. Press the 'Continue' button to make payment with a credit card. SWREG® (Ecommerce Service Provider) is used for processing credit card payments as their service provides the highest level security and fraud protection, and is Verified by Visa and MasterCard Secure Code - World Wide.

Other Payment Methods

You can purchase using Paypal, US Check, UK Cheque, International Money Order, EFT, ACH, BACS, Wire Transfer, Credit Card by Phone or Fax with 16 toll-free international numbers. Select the purchasing links listed at <http://www.s9design.com/order.htm> to enter the order page. Press the 'Continue' button to make payment type selection.

Direct International Wire Transfer

For direct wire transfer to our office bank account, please contact us for Account name and SWIFT code.
